CONCENTRIC & ARCHIMEDEAN CHESS

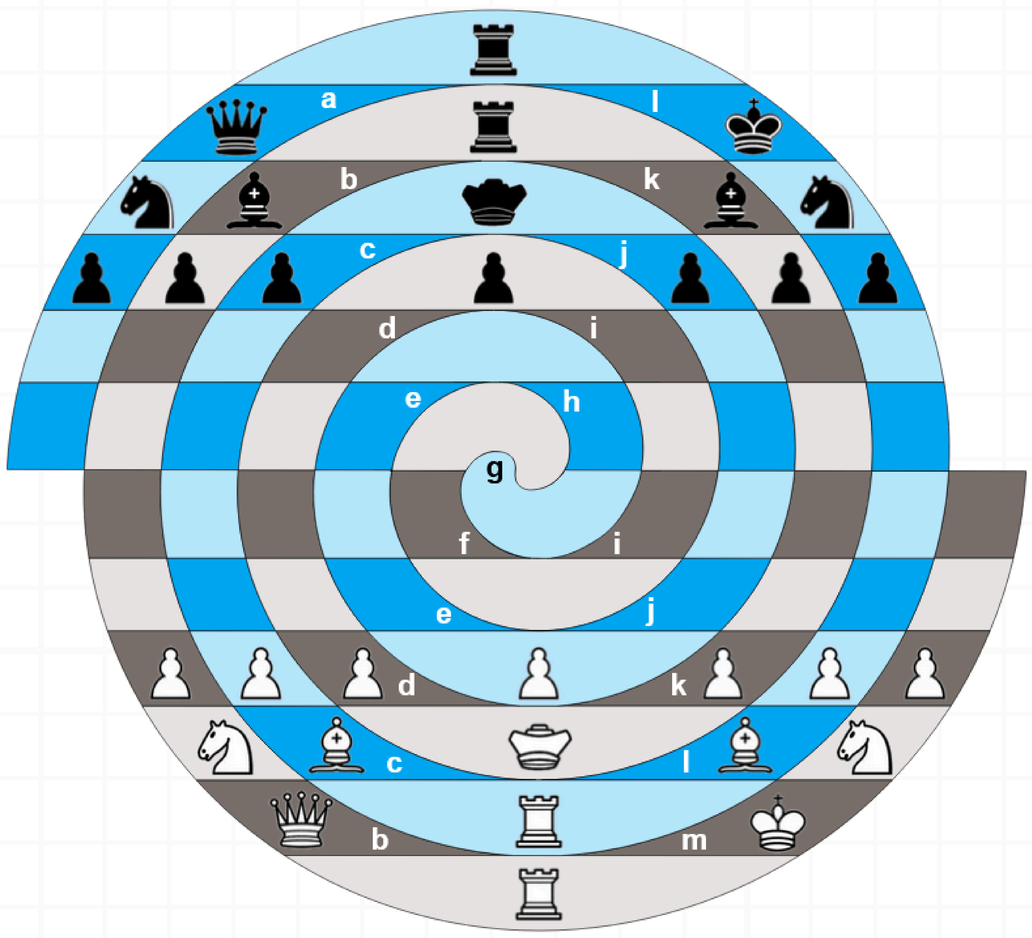

Josef Graf, Roland Kim, Carter Naganobu, Sparsh Poddar, Harkirat Singh,
Harshmeet Singh, Skyler Suk

Supervisor: Dr. Rapoport

Concentric

Archimedean

And more!

Prince

1 cell in any direction, like a king but not subject to check. On its first move, it may step 2 cells forward if it does not capture or leap.

Berolina Pawn

A pawn on a crescent or half-moon acts as a Berolina pawn, moving forward across vertices, capturing forward across edges.
